

SUNDRY INCOME BREAKDOWN

Tools > Reports > Transactions > Sundry Income Breakdown

The Sundry Income Breakdown report displays the quantity sold, the total value, and the total tax amount for each sundry type.

If you switch the report to 'detailed' in your miscellaneous report options, you will be able to view each individual sundry transaction, including the client's name and the transaction date.

Some items, such as gift certificates, will have a negative value to indicate business liabilities. At the end of the report, you can view the total figures for all sundry items. This report will help you measure the success of your other income sources outside of services and products.

ITEM

The name of the sundry item. Only items that were sold at least once within the given date range will be displayed.
